Message from Sheriff Hightower

On behalf of the women and men of the Warren County Sheriff's Office, I am pleased to submit our 2022 annual report.

This year has proven to be a year of significant internal upgrades to increase efficiency, transparency, and productivity.

We are excited for our employees that attended and completed enhanced leadership courses to include the FBI Academy and the Homeland Security Leadership training. Our supervision is key to providing guidance to our new team members and ensuring that we provide them with the tools and resources to become successful in the completion of their job. This is a primary focus of our office to ensure accountability on many levels from the top down.

One of the primary technological advances we made this year was transitioning to our new body and dash cam system. This new system has many features that allow for geofencing on calls and automated sensors to begin video recordings. The new system also allows us to electronically share our reports, videos, photos, etc. with both our County and Commonwealth prosecutors. The camera system has enhanced our capability to capture important data on calls for service that have aided in the prosecution of crimes and provide an insight into areas identified as needing remedial training.

We transitioned to a new evidence software to help track and dispose of evidence in the timeliest manner aligned with the case dispositions. This program is widely used by regional law enforcement agencies to maximize efficiency and reduce human error.

We also realigned our office to combine our records personnel to work in the same office space as the business/tax office. This has allowed some cross training of employees to assist with the influx of citizens receiving vehicle inspections, paying taxes, filing for concealed carry permits or picking up reports or open records. With the continued growth of Warren County, we needed to maximize our layout and staffing to help support the internal office and community needs.

We entered a new partnership with the Bowling Green Independent School District (BGISD) and added one School Resource Officer to the Bowling Green Junior High and one SRO to work with the elementary schools. The SRO program with the county schools has proven over time that building student relationships while integrating ourselves into their physical space has positive outcomes for our community.

Our annual report represents a snapshot of some of those interactions and services. The photographs, data, and year-end highlights contained in the following pages represent our culture, our identity as community servants, and our continued progression towards crime prevention. We are dedicated to using evidence-based approaches that build on organizational strengths and the incredible talents of the individual employees.

We recognize that the Warren County Sheriff's Office is only one component of safety and security. Our recent growth objectifies what we hear each day. Warren County is a great place to live! This continued expanse demands our agency search for efficiency in operations that will allow us to meet performance benchmarks and the expectations of our community members. Please take the time to review the information within this report. It will afford you the chance to know who we are and what our future holds. If questions come from your review, ask. We need your input and your perspective to continually improve our services. Thank you for the opportunity to serve.

Patrol Operations

Photo courtesy of Brian Hogan

The Chief Deputy has overall command of the entire Patrol Division, Policy and Procedure updates, hiring, and internal investigations. He works closely with the Patrol Operations Commander (Captain) for the day-to-day functions of the Office.

The Patrol Division is responsible for providing primary law enforcement to the unincorporated townships within Warren County. At the time of this writing, there are 56 sworn deputy positions in this division (27 Patrol Deputies, 7 Patrol Supervisors, 4 Criminal Investigators, 13 School Resource Officers, 1 SRO Director, 1 Training Director, and 3 Administrative staff to include the Sheriff, Deputy Chief, and Patrol Commander Captain).

The first shift's duty hours are 0700 to 1500 hours. This shift, on a daily average last year, was staffed with 5.0 deputies. The supervision of this shift is the responsibility of a Captain and Sergeant. Deputies who work on the first shift not only answer emergency and service calls, but also have many other responsibilities inherent to the Sheriff's Office.

These other responsibilities include prisoner transport, both locally and out-of-county, civil paper service, vehicle inspections, execution of court orders and writs, and the provision of security at the Judicial building. Additional duties may, at times, include funeral escorts and speed enforcement in both school zones and wherever else may be requested.

The second shift's duty hours are 1500 to 2300. In 2022, this shift, on a daily average, consisted of 5.0 deputies and a K-9 Officer. Command responsibilities were that of a Captain and a Sergeant. The second shift also shares the responsibility for answering emergency and service calls. They too, are required to transport prisoners, serve civil papers, execute court orders and writs, and, on a smaller scale, inspect vehicles.

The third shift's duty hours are 2300 to 0700 hours. In 2022, on a daily average, third shift had 3.7 deputies per shift. Two Sergeants command this shift. The hours covered by this shift tend to dictate its primary functions as conducting extra patrol requests, deterring thefts and burglaries, enforcement of DUIs, and responding to emergency calls and other calls for service. Deputies on third shift take pride in checking on businesses, patrolling neighborhoods, and conducting house security checks when their call volume allows.

Aside from patrol's normal operations, we are required to serve civil and criminal court orders, warrants, indictments, Emergency Protective Orders, Domestic Violence Orders, Writs of Possession, and Warrants of Possession etc. Last year, we attempted to serve 10,415 civil documents across Warren County. That is an average of over **28 attempts per day**.

2022 Attempts to Serve

Transports

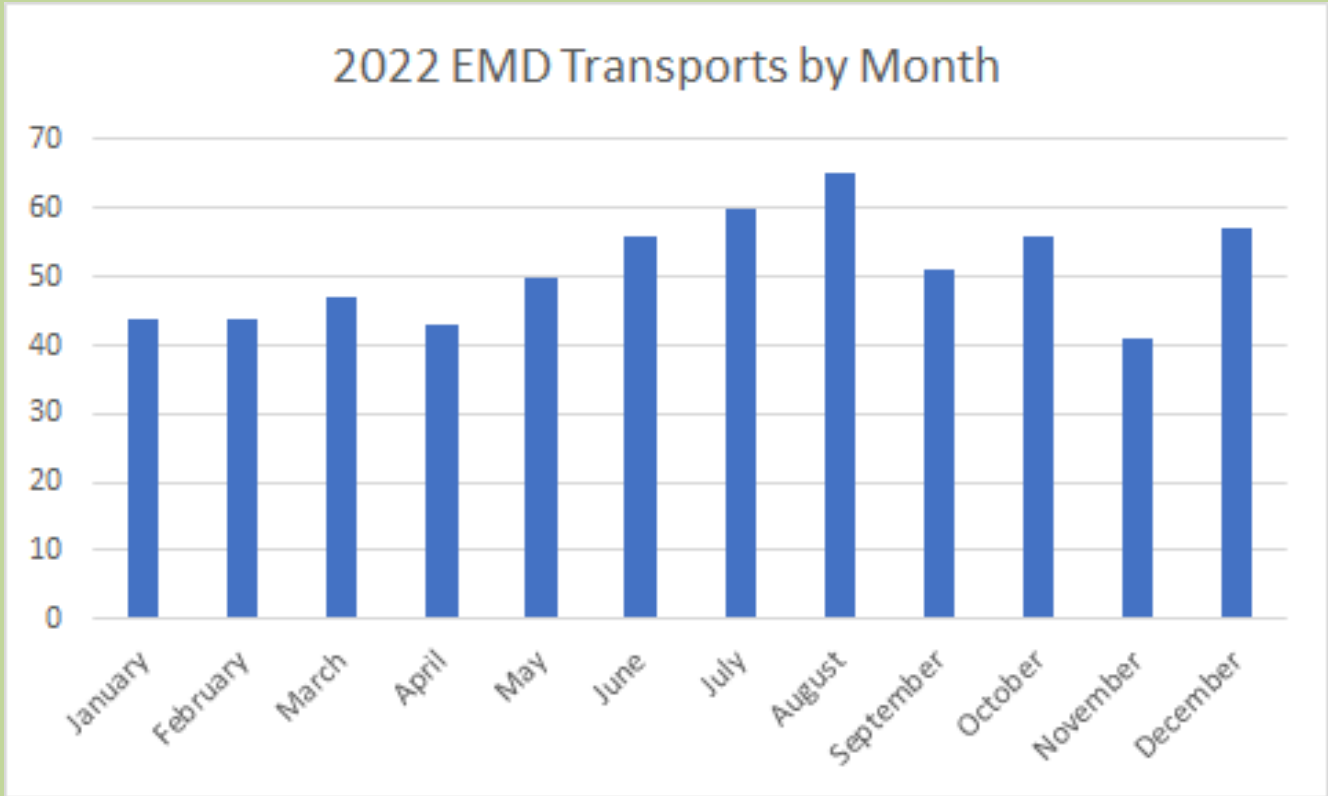

Although often overlooked, one of the Sheriff's Office's primary functions is the transportation of prisoners and mental health patients. When a deputy is assigned to transport someone, he/she will be making one of six types of transports. These transport types are (1) juvenile transports, (2) out-of-county warrant transports, (3) out-of-county court-ordered transports, (4) mental health transports, (5) out-of-state extradition transports, and (6) local transports. The mental health transports primarily refer to transports to Western State Hospital in Hopkinsville, Kentucky.

In an effort to keep our deputies patrolling the streets and answering calls for service, we have worked with community leaders, including LifeSkills, Inc. and the City of Bowling Green, to make the transport process of those in crisis safe and efficient. We have two (2) part-time transport positions that do a tremendous job each year. We have an agreed contract with LifeSkills, Inc. to reimburse our office for the majority of expenses for salary, fuel, equipment, insurance etc. In addition, the City of Bowling Green has also agreed to help us offset these expenses.

The EMD transports have increased over the past few years with the rising homeless population that our community is experiencing. This past year we transported 614 people for further treatment after being certified by a licensed clinician as a danger to themselves or others. In the graph on the next page, you can visualize the numbers per month.

Training

In order to recruit and maintain the most highly qualified employees, our office requires in-depth hiring practices and a great deal of training for all of our employees who are selected. To become a Deputy Sheriff, Emergency Telecommunicator, School Resource Office, Court Security Officer, or staff member within the Warren County Sheriff's Office, you must go through a lengthy and specifically designed process to ensure that we are investing in people that will best serve our community. Although not required, we give some preference to applicants that have college experience or have served in the military and received an honorable discharge.

To assist with the coordination of our training, we have added a full time Training Coordinator to ensure timely Department of Criminal Justice scheduled annual training and compliance. The Training Coordinator is also responsible to ensure the planning and training of firearms, First Aid, CPR, Taser, driving, 40 hour in service classes, firearms simulator, active shooter training, and scheduling of the Field Training of new deputies.

For deputies, once selected, the applicant must pass the statutorily required Peace Officers Professional Standards (P.O.P.S.) testing. This consists of a physical agility test, a suitability screening, psychological and drug testing, a polygraph examination, and an extensive background check. Only after successfully passing these standards would a job offer be extended. Once hired, an applicant must attend and graduate from the Department of Criminal Justice Training (DOCJT) Basic Training Academy, which consists of 20 weeks (800 hours) of intensive training. Upon graduation, the new deputy will enter the next training phase where they will initially ride with a Police Training Officer (PTO) for approximately 16 weeks before being allowed to assume patrol duties solo. When a new deputy begins patrol on his/her own, they have received training in emergency medical aid, firearms proficiency, interpersonal communications, patrol techniques and procedures, domestic violence and crisis intervention, recognition in mental health and substance abuse issues, traffic control, and accident investigation. Additionally, deputies receive training in the service of civil and criminal process papers including subpoenas, civil and criminal summonses, warrants, and emergency protective orders (EPO).

All sworn deputies are required to complete a minimum of forty (40) hours of in-service training yearly. The Department of Criminal Justice Training Academy in Richmond, Kentucky provides this training. Each year, deputies are also required to either certify or re-certify in the operation of our Mobile Data Terminal (MDT) computers we use in our cars and as a breath test operator for two different machines. Deputies must also complete one-time N.I.M.S. training (National Incident Management System). This training prepares them to work effectively within the Incident Command System (ICS) when a disaster or large-scale incident occurs within our community. Supervisors and Command Staff members must complete even further N.I.M.S. training to maintain our office's compliance with N.I.M.S. standards. We are also committed to sending our first-line supervisors to training specifically designed to help them become more skilled in their supervisory responsibilities. One such course is the Academy of Police Supervision, "APS." This is a 122-hour course that is designed to teach situational leadership, how to manage change, problem solving/decision-making, ethics, conflict resolution, legal updates, critical incident management, and the role of the supervisor. Another management course for senior leaders is (CJED) Criminal Justice Executive Development. The purpose of CJED is to provide students with contemporary theories, management techniques, and leadership skills enabling them to perform more effectively and efficiently in their positions as community leaders. The law enforcement functional areas addressed include: problem identification, analysis, and solving; personnel administration; operations and fiscal management; policies and procedures; legal concerns; and organizational behavior/culture. An application is required to be considered for this course.

The Warren County Sheriff's Office also requires our deputies to qualify with their handguns annually. We offer open range days at our firearms range and encourage deputies to take advantage of this opportunity. Most of our deputies are qualified to carry a patrol rifle and he/she must qualify with it as well. We have trained firearms instructors at each open range day to help coordinate and provide instruction on techniques and qualifications.

For Emergency Telecommunicators, we require a suitability screening, psychological and drug testing, a polygraph examination, and an extensive background check. Once selected, they will begin their training and will be

required to attend and complete a four-week Telecommunications course at the Department of Criminal Justice Training in Richmond, Kentucky.

For School Resource Officers (SRO), we require that they are or have retired from law enforcement. They will then take and pass the suitability screening, psychological and drug testing, a polygraph examination, and an extensive background check. Our SROs are also mandated to take specific training for SROs through the Department of Criminal Justice Training.

For our Court Security Officers (CSO), we require that they take and pass the suitability screening, psychological and drug testing, a polygraph examination, and an extensive background check. The CSOs are also mandated to take the two week course specific to their duties at the Department of Criminal Justice Training.

In addition to the initial requirements, deputies are required to receive an additional 40 hours of in-service training annually throughout their careers. We encourage additional training opportunities and believe that tactical and technical proficiency are key to providing the most capable services to the citizens of Warren County.

Notable Highlights in Training

Captain Curtis Hargett graduated from the 10 week FBI Academy.

Captain Brian Kitchens graduated from the Department of Homeland Security's Leadership Academy.

Deputy Tyler Burd graduated from the Department of Criminal Justice Training's Basic Law Enforcement Academy in 2022.

SRO Kevin Croghan and Josh Wright both graduated from the DOCJT SRO Training III in 2022.

Two (2) dispatchers graduated from the Department of Criminal Justice Training's Basic Telecommunications Academy in 2022.

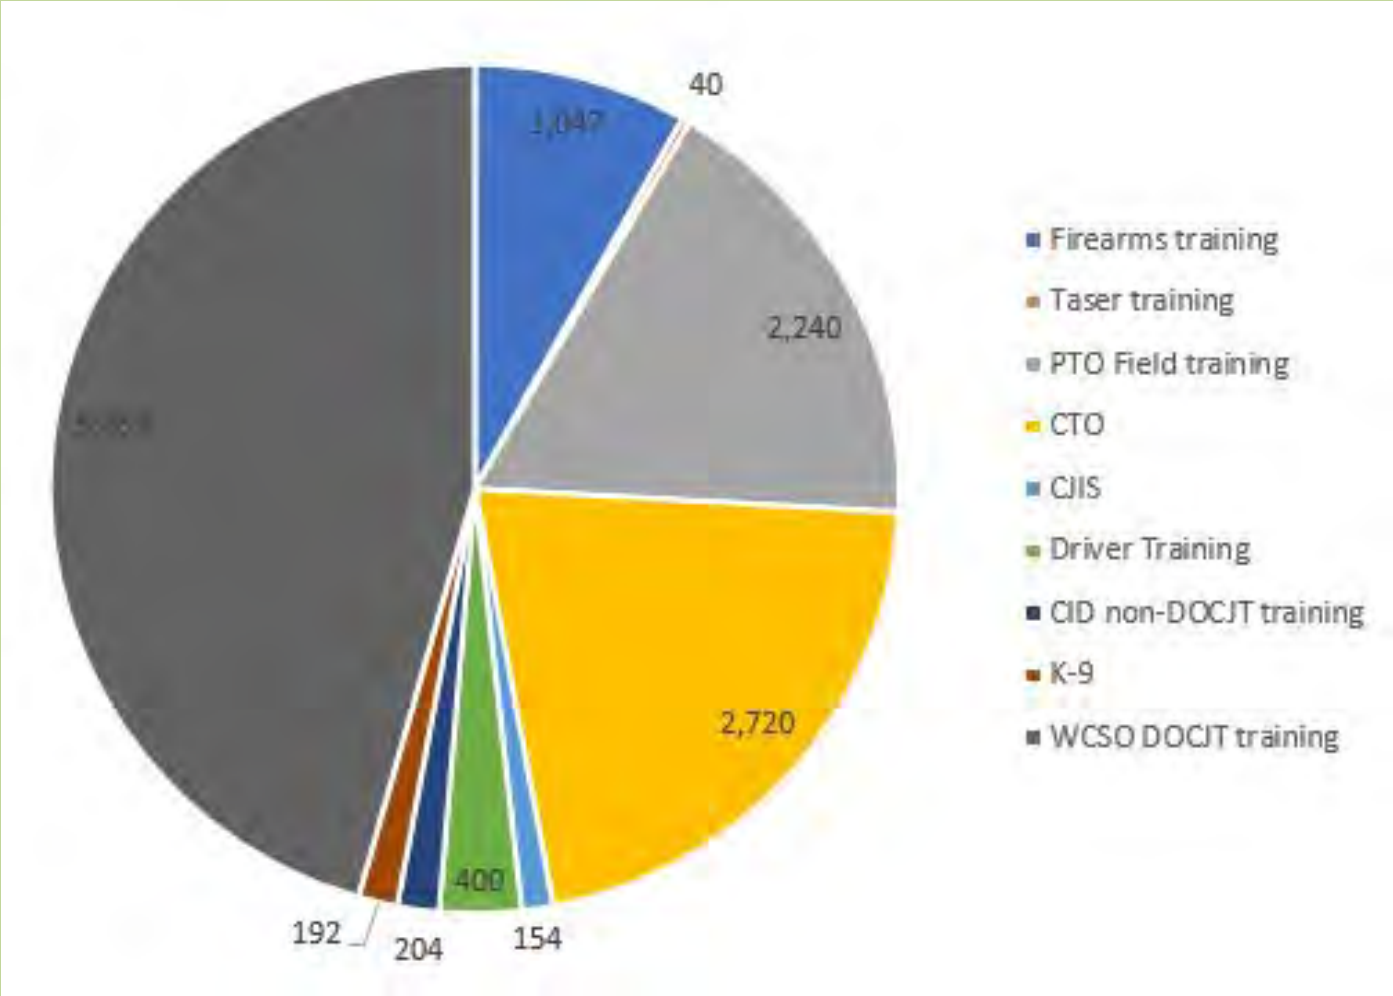

Total training hours for the WCSO through the Department of Criminal Justice Training: **5,859 hours**

Other Departmental Training: Firearms, Criminal Investigations, Taser, CPR/First Aid, Drivers Training, Restraint Training, Crisis Intervention Training, Court Security, Active Shooter, Field Training, K9 Training and Criminal Justice Information Services Training.

Total training hours conducted by the Warren County Sheriff’s Office in 2022

Firearms training average hours (range, simulator, simunitions, gun retention, etc.) Deputy and Court Security Officer:	1,047 hours
Taser training:	40 hours
PTO: Field Training	2,240 hours
CTO:	2,720 hours
CJIS (Security recertification):	154 hours
Driver training (new hire and in-service):	400 hours
CID non-DOCJT training:	204 hours
K9	192 hours
WCOS DOCJT Training	5,859 hours

Total training hours conducted within the Warren County Sheriff's Office in 2022

School Resource Officer

The Warren County Sheriff's Office, in partnership with the Warren County Public Schools, has continued to enhance our School Resource Officer Program. The S.R.O. Program is a nationally accepted program involving the assignment of a carefully selected and specially trained law enforcement officer to work directly in the school, in full cooperation with school administrators and faculty. The S.R.O. program is a community policing approach practiced in a school environment. The safety of the school is the officer's primary responsibility. The exclusive focus on the physical and social territory of the school is an important aspect of the S.R.O. concept. Unlike officers who respond to school problems as a result of a 911 call by the principal, the S.R.O. knows the school's physical layout and is aware of who belongs on school property and who does not. The S.R.O. wears the police uniform and weapon while on duty in the school. School Resource Officers have three main functions: law enforcement officer, advisor and mentor. First, as a law enforcement officer, the S.R.O. maintains a safe and secure school environment in which students feel safe to learn and teachers feel safe to teach. Second, as a teacher, the S.R.O. conducts classroom presentations pertaining to law related topics and in doing so, informs students and promotes positive attitudes regarding the police role in society. Last, the S.R.O. acts as an advisor to students, parents, teachers, and staff on issues related to the law enforcement, substance abuse, delinquency, and other law related topics. Students, parents, teachers, and staff can talk with the S.R.O. about problems and help find possible solutions. When necessary, the S.R.O. may make referrals to appropriate social agencies for additional assistance.

Photo courtesy of Bac Totrong/BG Daily News

The most effective way an S.R.O. can accomplish these goals is to be a positive role model. Students learn from every interaction they have with an S.R.O. It is essential for an S.R.O. to be a positive role model who endorses high moral standards, uses good judgment and discretion, is consistent and fair, respects all students, and displays a sincere concern for the school community. School Resource Officers must maintain a professional appearance; be visible, accessible, and willing to talk to students; attend and participate in school activities; interact positively with students and the community, taking their concerns seriously; and maintain a positive relationship with the faculty and administrators.

The School Resource Officer is an extension of the Sheriff's Office as well as the school principal's office, as the officer's duties are comprised of both law enforcement and education. The S.R.O. reports to both the sheriff (via chain of command) and the school principal. However, the S.R.O. is not a disciplinarian for the school - that job remains with the administrators and faculty. As a resource for school administrators, the S.R.O. serves as a means of establishing order and safety, so that optimal learning can take place.

Sheriff Hightower, in partnership with Warren County Public Schools Superintendent Rob Clayton, established the position of School Safety and SRO Director, one of only six such positions in the state of Kentucky, in 2020. The new position is responsible for overseeing the district's progress towards, and compliance with the state's School Safety & Resiliency Act as well as being the direct supervisor for the district's 11 SROs. Deputy Steve Chappell was hired in September of 2021 to oversee this partnership with our school district.

In the Summer of 2022, the Warren County Sheriff's Office partnered with the Bowling Green Independent School District to place School Resource Officers in some of the City schools during the the 2022-2023 school year. We placed one WCSO Deputy into the Bowling Green Junior High School and we have one WCSO Deputy who "floats" between the Bowling Green Elementary Schools. These positions are 100% funded by the City of Bowling Green's Independent School District, and have been extremely successful thus far!

Deputy Dominic Ossello

Deputy Rebecca Robbins

WCSO Dispatch

The Warren County Sheriff's Office has our own dispatch center located within the Warren County Courthouse. Our dispatch is manned 24/7, 365 days per year. We currently have 14 full time telecommunicator positions. Our dispatchers have the responsibility of answering all emergency and non-emergency calls outside the city limits of Bowling Green within Warren County. Once a call is received, they enter the data into our Computer Automated Dispatch (CAD) system as they simultaneously utilize our 800 MHz radios to dispatch our deputies to the call. In addition to answering emergency and non-emergency phone calls for the WCSO, we dispatch for the Smiths Grove Police Department, Woodburn Police Department, and Warren County Emergency Management.

The WCSO telecommunications division is also responsible for entering warrants, stolen vehicles, missing persons, stolen guns, and other inquiries into state and national databases. WCSO dispatchers have the authority to serve civil service papers to citizens who come to the Sheriff's Office after-hours to pick them up.

Within one year of initial employment, dispatchers are required to graduate from the 4-week basic telecommunications course in Richmond, Kentucky. Aside from the basic training course, they undergo extensive in-house training conducted by one of the five certified dispatch training officers.

- In emergent situations: missing persons, suicidal individuals, runaways, or serious felony cases, the WCSO dispatch has the ability to track and ping cell phones.

- WCSO dispatch also has a mapping system that allows telecommunicators to see your home and other physical descriptions that aid deputies in locating your home/business quickly and efficiently.
- WCSO utilizes the National Crime Information Center to allow access to criminal history checks and wanted fugitives.
- In 2022, WCSO dispatch received 56,031 calls for service. This number is higher than 2021 where WCSO dispatch received 55,702 calls for service.

K-9 "Kilo"

The Warren County Sheriff's Office K-9 , "Kilo," is a 5-year-old German Shepherd imported from the Netherlands and obtained from Canine Command Kennel. Kilo is a dual-purpose Sheriff's K-9 trained and certified in narcotic detection and patrol. His patrol certification includes obedience on and off lead, tracking suspects, locating evidence, building searches for suspects, suspect apprehension, and handler protection. Kilo is certified annually as a "Patrol Dog Team" through the United States Police Canine Association (USPCA). The K-9's acute sense of smell is probably one of their best assets. A K-9 is simply a tool to locate illegal drugs, evidence, or criminals. Statistically, during a building search, a K-9 can perform the search 70% quicker than a four-man special response team, with a 93% success rate. By using a K-9 in this situation, the most important factor is officer safety, as officers do not have to enter the building searching for a possibly armed suspect. Secondary K-9 teams help cut down on man-hours of officers at a crime scene. The example also holds true with narcotics searches and tracking criminals. As stated earlier, a well-trained K9 team provides an extremely valuable asset for our office.

Aside from the K-9 teams’ normal duties, the unit performs numerous demonstrations for civic, community, and school groups throughout Warren County. These demonstrations help to educate the general public of the great capabilities of this well-trained team.

K-9 Kilo's 2022 activity is as follows:

Tracking Deployments	2
Vehicle Sniffs	2
School Searches	3
Maintenance Training	192 Hours
Felony Apprehensions	
K-9 Demonstrations	1
Other deployments (Assisting other Agencies)	5
Total Deployments for FY22	5

Judicial Security

The Sheriff fulfills a statutory mandate (KRS 70.140) in providing Deputies/ Certified Court Security Officers (CSOs) in each session of the Warren Circuit Courts, Warren District Courts, and Juvenile Court. At the time of this writing, there are nineteen (19) full-time sworn, armed CSOs and eight (8) part-time sworn, armed CSOs. All of them attend a one-time, eighty (80) hour Court Security Officer Basic Training at Kentucky's Department of Criminal Justice Training Academy. Each CSO must also attend forty (40) hours of in-service training every other year to maintain proficiency.

Court Security Officers are recognized as an integral part of the Sheriff's Office mission to protect our citizens and officers of the court. Some of the duties of the Certified Court Security Officers include: front door security screening, establishment and maintenance of emergency communication systems (between the courtrooms and Central Dispatch), courtroom security, video court, prisoner handling/transportation, and assisting the public.

The CSOs open the building each morning and do a thorough walk-through of all floors of the Justice Center to ensure that no abnormal conditions exist. If anything is found, it is reported to the building superintendent and/or the Sheriff's Office. Everything is recorded in a logbook and maintained at the security station.

Another function the Certified Court Security Officers perform is to make regular visits to the Kentucky Supreme Court Chief Justice Minton's Office. Chief Justice Minton has mentioned that he appreciates our efforts in that regard. The CSOs also test the panic buttons throughout the Judicial Center. These buttons are placed at strategic points throughout the building. If an incident occurs, an individual can press a panic button and the call comes directly to the security station.

Our Judicial Security staff is committed to ensuring the safety of all persons who conduct business at the Judicial Center. There were over 230,000 visitors to the Justice Center in 2022, including numerous felony trials, which concluded without significant incidents. As Warren County continues to grow, these numbers and cases/visitors will continue to increase at the Judicial Center for: driver's licensing, court designated workers offices, master commissioner sales, and drug court and pre-trial offices, just to name a few.

Statistics for cases held in the Judicial Center

	2022	2021	2020	2019
Criminal Cases	1,632	758	1,309	4,970
Traffic	8,607	5,728	7,924	8,899
Misdemeanors	2,542	2,034	2,929	3,521
Felony	1,350	1,106	1,400	1,449
Domestic + IPOs	892	492	780	918
Juvenile	755	381	568	731
Circuit Court Civil Cases	831	534	762	945
Adoptions	85	66	127	81
Small Claims Civil Cases	3,076	2,926	2,724	5,421
Probate Hearings	978	692	806	847
Mental Health Hearings	1,068	801	1,009	593
Family Court	650	453	852	713
Master Commissioner Sales	90	39	103	12
Total Visitors to Judicial Center	232,246	55,811	110,003	326,833

The number of cases and total number of visitors to the Justice Center began to return to "normal" after operating most of 2020 and 2021 under State mandates due to the COVID-19 Pandemic.

The number of visitors to the Justice Center has also declined as compared to previous years due to Driver's Licensing being moved to the regional office in 2021.

Certified Court Security Officers work consistently with the processes and procedures necessary to do a thorough job providing safety and security for all who enter the building. A continuous and conscientious effort is always made to detect any and all items that might be used as a weapon or cause danger of any kind while business is being conducted in the Judicial Center. Items found and confiscated are too numerous to list, but have included knives (both pocket and switchblades), box cutters, scissors, long nails, long screws, screw drivers, live ammunition, pepper spray/mace, razors, utility tools that have knife blades, long finger nail files, hand cuff keys, long chains, lasers, etc., as well as drug paraphernalia (for which several citations have been issued).

The security system consists of two (2) magnetometers, an X-ray machine and fifty-two (52) security cameras positioned at strategic points throughout the property of the Justice Center that are monitored at any time. Activity in the Judicial Center is recorded at the security station

24/7/365. There are several other cameras throughout the building that are monitored by the Circuit Clerk and recorded via digital video recorder (DVR) in the Main Control Center at the Justice Center. This increases the efficiency, quality, and effectiveness of recording activity in the building. This also allows for better retrieval and retention of activity when requested by Judges, Deputies, or Attorneys. Recorders can capture and record various incidents that may occur within the building, including a possible prisoner escape.

Post 9/11 considerations coupled with the potentially violent nature of many of the issues dealt with in family court has necessitated these heightened security measures. These procedures have created unique challenges, which pits public convenience against viable security concerns. All doors, other than the main eastern entrance to the Judicial Center, are closed to entry and only used for emergency exits.

The Judicial Center is open to the public from 8:00 a.m. to 6:00 p.m. during the week. The center is open at other times during the week based on designated need. Those needs include when court is in session or any other time there is scheduled activity within the Judicial Center. During these circumstances, the security station will be manned until such time that the building is vacated. These additional activities include: parenting clinics, various meetings throughout the month, and adult drug testing which is scheduled weekly.

Business Office

The Heart of the Warren County Sheriff's Office is the staff of our business office. Without their efforts, day in and day out, our daily operations would not be possible.

Each day, we have people visiting the office seeking information, getting vehicles inspected, requesting the service of subpoenas, paying their property taxes, getting fingerprints, receiving Carry Concealed Deadly Weapon (CCDW) permits, requesting open records and/or reports that have been filed for accidents, thefts, etc. Aside from handling our walk-in citizens, they judiciously answer phone calls, manage records, disperse CCDW permits, handle mail, manage correspondence files, personnel files, and office supplies, as well as disperse payments for purchases to include office supplies, travel for training, fuel, equipment, and IT services. The bulk of their work is centered on the clerical needs of our collection of taxes, processing court documents, purchases, and records management.

The Sheriff's Office is classified as a "Fee Office" and the statutes anticipated that the office would operate on 75% of the fees collected. However, the office would not be able to provide the high level of services the county expects without the assistance of Warren Fiscal Court. Our fees are generated through the services that we provide to include serving both criminal and civil documents, indictments, warrants, vehicle inspections, and tax collection. The total fees collected in 2022 were \$10,641,833.16.

As required by state law, our office inspected **17,456 vehicles!** This averages out to 47.82 vehicles per day.

Taxes Collected for Warren County

The Warren County Sheriff's office collects property taxes for the County itself. The property values are determined by the Warren County Property Valuation Administrator (PVA). In Kentucky, a property is valued at 100% of fair market value as of January 1 of each year.

Last year our staff collected over 98 million dollars in taxes through the mail, online payments, and/or walk-ins. These funds are then dispersed to local banks which are swept to a money market account and then monthly disbursements are sent to taxing districts such as state, county, schools, library, county fire departments, Warren Rural Electric, Warren County Conservation District, and others.

Each year Warren Fiscal Court appropriates a significant amount of funding for the operation of our office. Each of the Magistrates and the Judge Executive understand the needs and significant growth of this community. They help to ensure that our office is sufficiently staffed to meet the emergency response, tax collections, vehicle inspections, court security demands and other needs of Warren County. In 2022, the Court supplemented the Sheriff's Office's Budget with a total of \$4,957,000.

The Sheriff's Department budget for 2022 totaled \$10,392,000.00. Payroll costs \$9,230,000.00 which makes up just over 89% of our budget and included a cost of living raise for most employees.

2022 Graduations and Accreditation

Deputy Tyler Burd graduated from the Department of Criminal Justice Training's Basic Law Enforcement Academy.

Captain Kitchens graduated from the DHS LA in September.

Captain Hargett graduated from the FBI Academy in Quantico in March.

Dispatchers Gloria Cox (above) and Madison Bevarly (below) graduated from the Department of Criminal Justice Training's Dispatch Academy.

School Resource Officers Kevin Croghan (left) and Joshua Wright (right) graduated the Department of Criminal Justice Training's School Resource Officer Training III - the highest level of SRO training offered. They graduated in March.

The WCSO received the Kentucky Chief's of Police Accreditation Certificate at the annual Kentucky Sheriffs' Association Conference banquet. Accreditation reflects that our Agency was carefully measured against an established set of standards and met or exceeded the professionally accepted practices in law enforcement!
